Title: Event Production Director

Phone: (415)205-5225

Description: Refinished decorative vases for use in Nordstrom accessory departments.

Project Details

Crescent Bronze was selected to provide Nordstrom with a custom color to refinish its decorative urns. The Nordstrom production team complete the project in a relatively short period of time using an airless sprayer.

The decorative urns were displayed throughout the nation in Nordstrom department stores. Crescent Bronze provided a luster the client was looking for to coordinate with Nordstrom's brand colors.

"Crescent Bronze Was Chosen for this project because it had the best color match and a brilliance we loved! Nordstrom has used their products for years and we have always had great results."

-Shawn Thrapp,
Event Production Director for Nordstrom
